Other funding partners: *(please list)*

Ministry support letter attached: Yes or no. *(please see instructions regarding this application requirement)*

This is a mandatory requirement. Please contact your regional Ministry of Environment (MOE) or Ministry of Natural Resource Operations (FLNRO) and obtain a letter of support from the Regional Manager, or Regional Biologist. An email sent to the Habitat Conservation Trust Foundation (hctf@hctf.ca) is sufficient. We recommend that applicant request this letter of support at least 2 weeks before the deadline to allow staff adequate time to review the application and draft the letter or email.

Please see page 5 and 6 for information on contacting the regional offices, and for further reminders about legalities and permissions you may have to acquire.

Additional letters of support attached:

Feel free to attach relevant letters of support for your project, but please keep it down to the best three! Make sure you also include any required letters of permission. Thank you.
